Charley Mitchell, who is now train-

## ing at Deloit, will meet Patsy Cardiff in a six round contest at Minneapolis June 11th.

Deloit is getting to be a great town for pugilists. Another of the talented strangers arrived in the city this week, he being John Clow, who is considered almost invincible out in the western states. Clow will fight Jim Fall about June 18th, this match also taking place at Minneapolis.

The funeral of Mrs. Elizabeth Rowe was held this morning at the home of her sister, Mrs. Edith O'Don, in the third ward. The deceased was well known among the older people of the city, and the services to-day were listened to by a large number of friends and relatives. The song service was very appropriate and the Rev. Dr. Connor's remarks full of sympathy and comfort for the bereaved ones.

The case of Thomas Tennant against Herman Schultz and wife is before Justice Prechal to-day. The case is somewhat similar to the one that was decided by Justice Wickham lately, Mr. Tennant suing to collect on a note that was given to him in payment for some feed. Mr. Schultz, who has all the family property under her name, claims that the feed was bought by her husband, and that therefore her property cannot be taken in payment of the debt.

Beloit Free Press: "The Catholic church will be formally dedicated next Sunday by Archbishop Hoss. The event will be memorable and will bring, besides the archbishop, several notable Catholics to the city. A large number of visitors will come down from Janesville. The Liberator and Catholic Temperance and Benevolent societies of Janesville will come on a special train to the Northwestern road in the forenoon, and will leave for home at 6 o'clock, on a special."

A large party of ladies and gentlemen gathered at the home of Mr. and Mrs. Orlando Baker, second ward, on Wednesday evening, the occasion being the celebration of the twentieth (China) wedding anniversary of Mr. and Mrs. Baker. The gathering was a most pleasant one and the evening was happily spent in social amusements. Mr. and Mrs. Baker were the recipients of numerous and many beautiful presents from their friends as reminders of the happy event.

Fine Millas shapes worth \$1.50 to \$1.75, reduced to \$1.00. Why pay exorbitant prices for your millinery goods when you can save fully one third by buying at the New York Saving Store?

John Donnelly, the third saloon keeper to be arrested for violating the Sunday ordinance, was brought up before Judge Patten to-day. He claimed that the crowd seen in his place last Sunday were all relatives, but the general tables failed to sustain his defense, and he was fined twenty-five dollars and costs. The penalty provided by the common council is a fine of from twenty-five to fifty dollars. If the saloon men continue to break the law, there is a possibility that their fines will be made to approach nearer to the limit than they have so far.

Quiet excuses are sent in to the teachers of the public schools occasionally. One of them was seen last week. It was written on a leaf torn from some book given away by a quick medicine company. The writer had evidently intended to scratch out the advertising legend at the top, but instead had put two very black pencil marks just under it, and when the teacher unfolded the epistle, the first thing that met her eye was the admonition, "Use Our Layer Pads," each word heavily underlined. It was some time before she could regain composure, and even now that motto comes up before her every little while.

Mr. Fred M. Elkin, with his corps of assistants, goes to Deloit to-morrow to continue their work on the Rock county directory. The Janesville department of the work is completed and promises to be the best work of the kind ever produced here. The reputation of Messrs. Elkin, Ebel & Co., as directory publishers is well established. Mr. Elkin reports a very successful career for the coming issue which will be ready for distribution about the first of August. The Gazette commands the representatives of this popular house to the good people of Deloit feeling assured that the state line will receive the careful attention which it merits.

## FORTY THOUSAND DOLLARS!

That is the Amount Wanted to Purchase the Right of Way.

For the Evansville Cut Off from Janesville to Evansville.

The Proposition Filed in the City Clerk's Office.

The following proposition has been filed at the office of the city clerk, indicating that the work of the right of way committee is completed. The official organ of the city will contain in its next issue a proclamation stating in substance that a petition will be circulated among the taxpayers of the city after the first of July asking for a sum not to exceed \$40,000 to procure the right of way between Evansville and Janesville for the Chicago & Northwestern railway company. The proposition of the Janesville and Evansville Railway company, is as follows:

The Janesville and Evansville Railway company, a corporation duly organized under the laws of the state of Wisconsin for the purpose of building and operating an ordinary or standard gauge line of railway from a point of junction with the line of the Chicago and Northwestern railway in the city of Janesville, in Rock county, Wisconsin, to a point of junction with the line of said Chicago and Northwestern railway at or near Evansville, in said county, hereby makes to said city of Janesville the following proposition, viz:

That said city of Janesville and said Janesville and Evansville Railway company in the construction of said line of railway, by subscribing for four hundred (400) shares of the capital stock of said company, amounting in the aggregate to forty thousand dollars (\$40,000) of such capital stock, at par value, such subscription to be paid immediately after the acceptance of this proposition, and such subscription to be payable by said city of Janesville in its eighty (80) negotiable corporate coupon bonds for the principal sum of five hundred dollars (\$500.00) each amounting in the aggregate to forty thousand dollars (\$40,000.00), to be duly and lawfully issued by said city of Janesville for that purpose, immediately after the making of such subscription and lawful passage of the ordinance or resolution revised by section 943 of the revised statutes, and to be dated on, and bear interest from August 1st, A. D., 1886, at the rate of five (5) per cent. per annum; the interest from said first day of August, 1886, to November 1st, 1886, to be payable on said first day of November, 1886, and the same to be thereafter payable annually on the first day of November in each year, in lawful money, on presentation of the coupons representing the same; the principal of said bonds to be payable in lawful money, in annual installments, as follows: Five thousand dollars (\$5,000.00) thereof, being ten of such bonds, payable on the first day of November in each of the years 1887, 1888, 1889, 1890, 1891, 1892, 1893 and 1894, both principal and interest to be payable at the First National bank of Chicago, Illinois, and said bonds not to be payable before maturity at the option of said city; the said eighty (80) bonds, together with coupons thereto attached, covering all of the interest hereinbefore provided for, shall be delivered to said Janesville and Evansville Railway Company, or to its assigns, when and as soon as said line of railway shall be completed and in operation by the passage of cars thereon continuously from said terms in said city of Janesville to said terminus at or near Evansville, provided that neither said company or its assigns shall be entitled to any of said bonds unless the said line of railway shall be so constructed and in operation on or before the first day of July, A. D., 1887.

That in consideration thereof, said company shall issue to said city of Janesville or to its assigns, the said four hundred (400) shares, of one hundred dollars each of such capital stock, and the said bonds together with a certificate for such capital stock so subscribed for, shall be immediately after the issuance of said bonds and stock deposited in escrow with James H. H. Howe, of the city of Kenosha, Wis., as trustee, to be by him delivered to the proper parties when and as the conditions of this proposal when accepted, shall be complied with by the party entitled to the same thereunder.

In witness whereof, the said Janesville and Evansville Railway company have caused this proposition to be signed by its president and secretary, and its corporate seal to be hereto affixed on this second day of June, A. D., 1886.

MARVIN HENRITT,

President of the Janesville and Evansville Railway Company.

J. B. REDFIELD,

Secretary.

Now that the optional contracts have been secured and the cost closely approximated, it only remains for the tax payers to say whether the long talked of Evansville cut off shall become a reality. Unless the Gazette has over-estimated public sentiment, a liberal majority of the city taxpayers are simply waiting for an opportunity to express their wishes in favor of this enterprise. The fact is visible on every hand that "Janesville is a nice place for a home." Let us show a spirit of public hospitality by improving a feasible opportunity to enlarge our borders, making it practical for many more people to find a home among us, enjoying the same advantages and pleasant surroundings.

There is no disguising the fact that city real estate is already assuming increased valuation as the result of prospective improvements, property in some parts of the city is firm at an advance of 25 per cent. over prices at which it could have been bought twelve months ago. The argument that is sometimes used against these improvements, is too superficial to influence any well balanced mind, when compared with the advantages that will accrue to the city. One taxpayer, however, loaded for the occasion by some dried-up and gone-to-seed capitalist, claimed that water works and railroads would make the taxes 6 per cent. and then said: "The thousand dollars I have at 7 per cent. interest would only bring me 1 per cent. because the taxes would take the other 6 per cent."

## There is about as much sense in that argument as any other discussed from the standpoint of taxation. Let us not be slow to improve the golden opportunity now offered for home improvements.

A special meeting of the common council has been called for to-morrow evening at 8 o'clock, to listen to the report of Messrs. Pense and Carle regarding railway matters. The public is invited to attend.

## THE CALENDAR.

They Hold a Meeting in Good Temper.

There was a large gathering of Rock county Scotchmen at the hall of the Independent Order of Good Templars yesterday, and the second quarterly meeting of the Caledonia society passed off very pleasantly. The constitution and by laws of the club were amended in one or two instances. On the evening of Thursday, June 17th, a social meeting of the members of the club and their families will be held in Good Templars' hall. This will be to promote good fellowship, and will be strictly informal.

The thanks of the club were given to Miss Marion J. Mitchell for the following poem which was written by her and read by President James Mills:

Each nation proudly boasts the name  
Of some great hero, battle-acclaimed;  
But all the world the right doth claim  
To honor Scotland's famous band.

Where stand the cot, ash and rose,  
That heard his first sweet words of love;  
With fond regard will long be viewed  
By pilgrims throngs from every shore.

Where glen and wood are wondrous fair,  
An many a place of beauty lies hid;  
Beside the house banks of Ayr  
The poet's youthful days were spent.

Rejoiced of the faithful plow,  
Through verdant fields and fragrant meads;  
But new birds sang from every bough,  
And home sprang up from scattered seeds.

Each shrub and leaf his melody rocked,  
Of home's brave men's droll;  
Some spring of joy, for him unlocked,  
And had some happy tale to tell.

Through prime to moon dependent oft,  
At times his heart's withheld with mirth;  
And now, by fancy borne aloft,  
Sang sweeter of the Galloway's hearth.

Let those whose names are free from stain,  
Withhold their censures, or their eulges,  
If here and there were some dark stain  
The beauty of melodious verse.

While nature's charms are by him imparted,  
And while the mind true to his desires,  
Enshrined within each royal harp,  
Shall be the name and songs of Burns.

May "Highland Mary," "Bonnie Down,"  
And quiet "John Anderson my Jo,"  
Be treasured as a precious hoard,  
And down to future ages go.
